

# IMiD 2021

The 21st International Meeting on Information Display  
On Leap for Next 20; Breakthrough in Display Technology & Science

August 25-27, 2021 / COEX, Seoul, Korea

## Welcome to IMiD 2021!

On behalf of the 21st International Meeting on Information Display (IMiD 2021) organizing committee, I would like to sincerely appreciate your attention to the IMiD 2021, which will be held at COEX in Seoul, Korea, from August 25 to 27, 2021. Since everyone in the world is facing a difficult time with COVID-19, the IMiD 2021 will also be available to participate both offline and online.

Last year, we held our first IMiD in online conference format, which turned out very successful. With your continuous support, IMiD has served as a premier conference for leading researchers and students from academia and industry to share their cutting-edge results and knowledge on the information display.

The IMiD 2021 will include keynote addresses, invited talks, regular sessions (oral & poster presentations), tutorials, and 'young leaders conference (YLC)'. We sincerely hope all of our participants will use this opportunity to have deep and profound discussions on every field of information display and make lasting friendships with our prestigious researchers as well as those in early careers.

Most of all, the IMiD 2021 will be held jointly with the huge display exhibition in the central part of the new downtown of Seoul. We are sure that the exhibition will offer companies and institutions great opportunities to expand their business and networking.

Even though there might be a probability that some of you still cannot meet in person due to COVID-19, we will be trying our best to communicate and connect our participants over the world to maximize benefits in participating in the hybrid type IMiD 2021. We look forward to seeing you all in the IMiD 2021.

Sincerely,

ByoungHo Lee  
General Chair of IMiD 2021

### Organizing Committee

<b>General Chair</b>	Prof. ByoungHo Lee (Seoul Nat'l Univ., Korea)
<b>Executive Chairs</b>	Prof. Seunghyup Yoo (KAIST, Korea) Prof. Yongtaek Hong (Seoul Nat'l Univ., Korea)
<b>Executive Secretary</b>	Prof. Hak-Rin Kim (Kyungpook Nat'l Univ., Korea) Prof. YungKyung Park (Ewha Womans Univ., Korea)
<b>Program Chairs</b>	Prof. Byung Doo Chin (Dankook Univ., Korea) Prof. Yong-Young Noh (POSTECH, Korea)
<b>Program Secretary</b>	Prof. Jin-Seong Park (Hanyang Univ., Korea) Prof. Soo Young Kim (Korea Univ., Korea)
<b>Exhibition Chair</b>	Dr. Young-Woo Kim (KOPI, Korea)
<b>Exhibition Co-Chair</b>	Dr. Dong Sik Kim (KDIA, Korea)
<b>Treasurer</b>	Prof. Jae Kyeong Jeong (Hanyang Univ., Korea)

### Key Dates

-  **Paper Submission Deadline**  
March 31 (Wed.)
-  **Pre-registration**
