## **Prof. Thomas D. Anthopoulos**

King Abdullah University of Science and Technology (KAUST), KAUST Solar Centre, Thuwal 23955-6900, Kingdom of Saudi Arabia

Thomas D. Anthopoulos is a Professor of Material Science and Engineering at King Abdullah University of Science and Technology (KAUST) in Saudi Arabia. He received his B.Eng. and D.Phil. degrees from Staffordshire University in UK. He then spent two years at the University of St. Andrews (UK) where he worked on organic light-emitting diodes before join Philips Research Laboratories in The Netherlands to focus on printable microelectronics. From 2006 to 2017 he held faculty positions at Imperial College London (UK), first as an EPSRC Advanced Fellow and later as a Reader and full Professor of Experimental Physics. His research interests are diverse and cover the development and application of novel processing paradigms and the physics, chemistry & application of functional materials and devices.
