

iMiD 2021

The 21st International Meeting on Information Display
August 25-27, 2021 / COEX, Seoul, Korea

Dr. Wei Ting Chen
(AMS sensors, USA)

Dr. Wei Ting Chen is currently a senior staff engineer at AMS sensors in USA. Before his current position, he had worked as a research associate in Harvard John A. Paulson School of Engineering and Applied Sciences at Harvard University for five years. He received his Ph.D. degree with Dean's Award in applied physics from National Taiwan University, Taiwan in 2014. In 2012, he was a Visiting Student at the Optoelectronics Research Centre, University of Southampton, U.K.

From 2018 to 2020, he had served as the chair of the OSA technical group of photonic metamaterials. He has published one book chapter and more than 50 journal articles on nanophotonics, plasmonics and metasurfaces, and has reviewed papers for *Science*, *Nature*, *Nature Communications*, *Materials Today*, *Nano Letters*, *ACS Photonics*, *Light: Science and Applications*, *Science Advances* and OSA journals.
