

Advancing Display. Advancing Life.

Michael Heckmeier
Merck KGaA, Germany

Merck has a rich history in developing high-performance display materials and solutions, bringing the perfect pixel to life. Michael Heckmeier will explore how we support our customers with sustainable innovations and technology to advance displays for the ultimate immersive experience. For us, scientific progress and responsible entrepreneurship go hand in hand, enabling us to create a safer, smarter and a more connected world. Advancing Display. Advancing Life.
