

iMiD 2022

The 22nd International Meeting on Information Display
August 23-26, 2022 / BEXCO, BUSAN, KOREA

Company Name	Advanced Display Research Center (ADRC)	Company Logo 
Address	No. 129, Pureunsol Bld., Kyung Hee University	
President	Dr. Jin Jang	
Website	http://www.adrc2000.com/	
E-mail	jslee@adrc2000.com	
Telephone	+82-10-2326-7258	
Fax	+82-2-961-9154	
Exhibitor Introduction	<p>The Advanced Display Research Center (ADRC) was established in 2001 to support the research of display products.</p> <p>ADRC can support</p> <ol style="list-style-type: none">1. Design of TFT backplane for AMOLED and AM MicroLED on glass/PI substrate.2. Process for LTPS and Oxide TFT backplanes3. Simulation and fabrication of display circuits such as TFT gate driver, EM gate driver, MUX and various TFT sensors4. Driving board for TFT display such as AMOLED.5. Unit process for OLED, QD, BM and color filter.	
Exhibit Description	ADRC will demonstrate LTPS TFT, Oxide TFT, AMOLED, MicroLED (PM and AM)	

iMiD 2022

The 22nd International Meeting on Information Display
August 23-26, 2022 / BEXCO, BUSAN, KOREA

Exhibit Product

Active Matrix Panels (AM Panels);
Flexible, Transparent display. μ -LED on TFT backplane, and so on.
