

# iMiD 2022

The 22nd International Meeting on Information Display  
August 23-26, 2022 / BEXCO, BUSAN, KOREA

Company Name	AQLASER Co. Ltd	Company Logo
Address	#A-202, 187, Techno 2-ro, Yuseong-gu, Deajeon, Korea(34025)	
President	Ji-hoon, Choi	
Website	<a href="http://www.aqlaser.com">http://www.aqlaser.com</a>	
E-mail	<a href="mailto:cjh@aqlaser.com">cjh@aqlaser.com</a>	
Telephone	+82-42-936-8845	
Fax	+82-42-671-8845	
Exhibitor Introduction	<p>AQLASER is a company that develops processes and equipment for bonding devices applied in various fields such as semiconductors/next-generation displays/automobiles/electronics/bio/sensors using high-power/large-area/homogenized light energy.</p> <p>Recently, we are also developing high-speed drilling of special thin-film metals used in hydrogen fuel cells and laser full-cutting equipment for glass PCBs.</p>	
Exhibit Description	<p>Introducing LTCB (Laser Thermal Compression Bonding) technology to be applied to AR/VR Smart-Glasses and Smart-Watches.</p> <p>We introduce laser bonding technology for mini-LED packages.</p>	
Exhibit Product	<p>Laser Reflow, Laser Soldering, Laser Thermal Compression Bonding Laser Bonding, Laser Assisted Cleaning, Laser Assisted Etching</p>
