

IMiD 2023

The 23rd International Meeting on Information Display
August 22-25, 2023 / BEXCO, BUSAN, KOREA

Session Title:	11. Light-Emitting Materials and Application II
Session Date:	August 23 (Wed.), 2023
Session Time:	10:50-12:05
Session Room:	Room C (216)
Session Chair(s):	Prof. Kenji Toda (Niigata Univ., Japan)

[C11-1] [Invited] 10:50-11:15

Synergetic Interface Engineering on Flexible Perovskite LEDs

Yanqing Li (East China Normal Univ., China), Yang Shen, and Jianxin Tang (Soochow Univ., China)

[C11-2] [Invited] 11:15-11:40

Interplay between Intramolecular and Intermolecular Charge Transfer for High-Efficiency Near-Infrared Organic Light-emitting Materials

Jingyi Xu, Yu Dai, and Juan Qiao (Tsinghua Univ., China)

[C11-3] [Invited] 11:40-12:05

Materials Design and Synthesis for Efficient Hole Transporting Layer Utilizing Strongly Correlated Oxides

Kimoon Lee (Kunsan Nat'l Univ., Korea)
