Exhibitor Introduction	Admesy is a well-known brand for a wide range of user-friendly and robust light and color measurement devices, suited for both analytical applications and display measurements. We provide customers with innovative solutions for production processes, test and measurement, automated inspection and analysis. Our colorimeters, spectrometers and light meters are fast, accurate and reliable: measurement power stuffed in a solid black box.	
Exhibit Description	Presenting our new XYZ imager Helios and the complete Prometheus Series with the new Viewfinder spectrometer. We gladly welcome all customers to stop by for a chat and meet good products.	
Exhibit Product	Colorimeter, Lightmeter, Spectrometer & 2D imaging system
