Prof. Hak Gu Kim

(Chung-Ang University, Korea)

Hak Gu Kim is an Assistant Professor at Graduate School of Advanced Imaging Science, Multimedia & Films (GSAIM), Chung-Ang University, where he is leading Immersive Reality & Intelligent Systems Lab (IRIS LAB).

Before joining Chung-Ang University, he was a postdoctoral researcher in School of Computer and Communication Sciences (IC), a visiting postdoctoral researcher in Electrical Engineering at École Polytechnique Fédérale de Lausanne (EPFL), Lausanne, Switzerland, and a postdoctoral researcher in School of Electrical Engineering at KAIST, Daejeon, Korea. He received the B.S. and M.S. degrees in School of Electronic Engineering at Inha University, Incheon, Korea, in 2012 and 2014, respectively. He received the Ph.D. degree in School of Electrical Engineering at KAIST, Daejeon, Korea, in 2019.

His research interests include 3D/AR/VR/Metaverse Image and Video Processing, Human Visual Perception, Computer Vision, Machine Learning and Artificial Intelligence, particularly Convergence of AI & Reality, eXplainable AI (XAI), and the vulnerability of deep neural network.
