

**Prof. Moon Sung Kang**

(Sogang University, Korea)

---

Moon Sung Kang is a professor in the Department of Chemical and Biomolecular Engineering at Sogang University, Korea. Dr. Kang received his B.S. degree in chemical and biological engineering from Seoul National University in 2006 and his Ph.D. degree in chemical engineering from the University of Minnesota in 2011. In 2019, he joined the faculty of Sogang University. His research group has been working on photolithographic patterning of light-emitting materials including quantum dots, luminescent polymer semiconductors, and molecular luminophores for display applications.
