

iMiD 2026

The 26th International Meeting on Information Display
August 18-21, 2026 / BEXCO, BUSAN, KOREA

Company Name	JB Laboratory CO.,LTD.	Company Logo
Address	4F, 9, Nambusunhwan-ro 226-gil, Gwanak-gu, Seoul, Republic of Korea	
President	Ji-Won Park	
Website	jblab.tech	
E-mail	mst@jblab.tech	
Telephone	+82-2-6956-7700	
Fax	+82-2-6956-7171	
Exhibitor Introduction	COMPANY INTRODUCTION : Partner in new technology development & Innovative company that turns ideas into reality MAIN BUSINESS AREA : Functional film development, Composite Film Structure Design, Polymer synthesis, Functional film processing, Adhesive Synthesis	
Exhibit Description	Biomass-based polymer materials -Carbon dioxide reduction through carbon fixation effect -It is possible to introduce the desired structure through a variety of base technologies, ensuring a wide range of uses	
Exhibit Product	JB-BCA60L : Product with a BRC ratio of at least 60%, Acrylate binder for weak adhesion JB-BCA60M : Product with a BRC ratio of at least 60%, Acrylate binder for strong adhesion
